Deadly Little Voices: A Touch Novel

Scholastic Inc.
A 2015 Whitney Award Nominee! A powerful story of loss, second chances, and first love, reminiscent of Sarah Dessen and John Green. When Oakley Nelson loses her older brother, Lucas, to cancer, she thinks she'll never recover.

Between her parents' arguing and the battle she's fighting with depression, she feels nothing inside but a hollow emptiness. When Mom suggests they spend a few months in California with Aunt Jo, Oakley isn't sure a change of scenery will alter anything, but she's willing to give it a try. In California, Oakley discovers a sort of safety and freedom in Aunt Jo's beach house. Once they're settled, Mom hands her a notebook full of letters addressed to her—from Lucas. As Oakley reads one each day, she realizes how much he loved her, and each letter challenges her to be better and to continue to enjoy her life. He wants her to move on. If only it were that easy. But then a

surfer named Carson comes into her life, and Oakley is blindsided. He makes her feel again. As she lets him in, she is surprised by how much she cares for him, and that's when things get complicated. How can she fall in love and be happy when Lucas never got the chance to do those very same things? With her brother's dying words as guidance, Oakley knows she must learn to listen and trust again. But will she have to leave the past behind to find happiness in the future? Sky Pony Press, with our Good Books, Racehorse and Arcade imprints, is proud to publish a broad range of books for young readers—picture books for small children, chapter books, books

for middle grade readers, and novels for young adults. Our list includes bestsellers for children who love to play Minecraft; stories told with LEGO bricks; books that teach lessons about tolerance, patience, and the environment, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

The One Left Behind

Little, Brown Books for Young Readers
From #1 New York Times bestseller Mike Lupica! It's simple. All Billy Raynor wants to do is shoot. After all, he is one of the best

shooters in the league. But with his dad as his coach, and his parents newly separated, somehow everything's become complicated. His brother Ben hardly talks anymore. His mom is always traveling on business. And his dad is always on his case about not being a team player. But when Ben's piano recital falls on the same day as the championship game, it's Billy who teaches his dad the meaning of being a team player. *True (. . . Sort Of)*

True: Delly Pattison likes surprises (presents that are a surprise). The day the Boyds come to town, Delly's sure a special surprise is on its way. But lately, everything that she thinks will be good and

fun turns into trouble. She's never needed a surpresent more than now. True: Brud Kinney wants to play basketball like nothing anybody's ever seen. When the Boyds arrive, though, Brud meets someone who plays like nothing he's ever seen. True: Ferris Boyd isn't like anyone Delly or Brud have ever met. Ferris is a real mysteriosity (an extremely curious mystery). True: Katherine Hannigan's first novel since her acclaimed *Ida B* is a compelling look at the ways friendships and truths are discovered. It's all true (. . . sort of).

The Girl Who Wrote in Silk Kensington Books
“Updates Robert Louis Stevenson’s classic story . . . Teens who enjoy brooding love

stories will not be disappointed” (School Library Journal). Jill Jekel has always obeyed her parents’ rules—especially the one about never opening the mysterious, old box in her father’s office. But when her dad is murdered, and her college savings disappear, she’s tempted to peek inside, as the contents might be the key to a lucrative chemistry scholarship. To improve her odds, Jill enlists the help of gorgeous, brooding Tristen Hyde, who has his own dark secrets locked away. As a team, Jekel and Hyde recreate experiments based on the classic novel, hoping not only to win a prize, but to save Tristen’s sanity—and maybe his

life. But Jill’s accidental taste of a formula unleashes her darkest nature and compels her to risk everything—even Tristen’s love—just for the thrill of being bad. “Fantaskey’s latest novel deliberately evokes the doppelganger theme and questionable experiments of Stevenson’s *The Strange Case of Dr. Jekyll and Mr. Hyde*. It also owes a great deal to Stephenie Meyer’s *Twilight* series . . . Fans of the genre won’t be able to resist this slick genre update.”

Anonymous is a

revelatory confessional

of a seventeen-year-old girl’s fight to escape a kidnapper—and her struggles to connect with loved ones and a life that no longer exists. Seven months. That’s how long I was kept captive. Locked in a room with a bed, refrigerator, and adjoining bathroom, I was instructed to eat, bathe, and behave. I received meals, laundered clothes, and toiletries through a cat door, never knowing if it was day or night. The last time I saw the face of my abductor was when he dragged me fighting from the trunk of his car. And when I finally escaped, I prayed I’d never see him again. Now that I’m home, my parents and friends want everything to be like it was before I left. But

they don't understand that dining out and shopping trips can't heal what's broken inside me. I barely leave my bedroom. Therapists are clueless and condescending. So I start my own form of therapy—but writing about my experience awakens uncomfortable memories, ones that should've stayed buried. How far will I have to go to uncover the truth of what happened—and will it break me forever?

 What’s your worst nightmare? For Ivy Jensen, it’s the eyes of a killer that haunt her nights. For Parker Bradley, it’s bloodthirsty sea serpents that slither in his dreams. And for seven essay contestants, it’s their

worst nightmares that win them an exclusive, behind-the-scenes look at director Justin Blake’s latest, confidential project . Ivy doesn’t even like scary movies, but she’s ready to face her real-world fears. Parker’s sympathetic words and perfect smile help keep her spirits up. . . at least for now. Not everyone is so charming, though. Horror-film fanatic Garth Vader wants to stir up trouble. It’s bad enough he has to stay in the middle of nowhere with this group—the girl who locks herself in her room; the know-it-all roommate; “Mister Sensitive”; and the one who’s too cheery for her own good. Someone has to make things interesting. Except, things are

already a little weird. The hostess is a serial-killer look-alike, the dream-stealing Nightmare Elf is lurking about, and the seventh member of the group is missing. By the time Ivy and Parker realize what's really at stake, it's too late to wake up and run.

Perfect for fans of John Green's *Turtles All the Way Down* and Nina LaCour's *We Are Okay*, this is the poignant and uplifting story of Maeve, who is dealing with anxiety while falling in love with a girl who is not afraid of anything. Think positive. Don't worry; be happy. Keep calm and carry on. Maeve has heard it all before. She's been struggling with severe anxiety for

a long time, and as much as she wishes it was something she could just talk herself out of, it's not. She constantly imagines the worst, composes obituaries in her head, and is always ready for things to fall apart. To add to her troubles, her mom—the only one who really gets what Maeve goes through—is leaving for six months, so Maeve will be sent to live with her dad in Vancouver. Vancouver brings a slew of new worries, but Maeve finds brief moments of calm (as well as even more worries) with Salix, a local girl who doesn't seem to worry about anything. Between her dad's wavering sobriety, her very pregnant stepmom insisting on a home birth, and her bumbling

courtship with Salix, this summer brings more catastrophes than even Maeve could have foreseen. Will she be able to navigate through all the chaos to be there for the people she loves? An ALA Rainbow Book List selection A Bank Street Best Book of the Year "With Maeve, Mac delivers a character who's heartwarmingly real and sympathetic, and her story provides a much needed mirror for anxious queer girls everywhere."—Kirkus, Starred review "This is a good companion book for other anxiety-riddled stories, such as *The Shattering* by Karen Healey, and *Finding Audrey* by Sophie Kinsella."—Booklist "This hopeful offering will resonate with young people for their

own lives, even if the journey is hard and takes time and patience...[a] compelling portrait of a teen's experiences with anxiety and challenging family dynamics."--SLJ "Mac carefully makes clear that Maeve is plenty able to find joy other places than the perfect girl and that she's working at dealing with her own problems; the romance is therefore lovely and cozy and free from overtones of dependency. The descriptions of anxiety are true and powerful, and romance buffs will likely revel in a book celebrating deep connection."—The Bulletin "Mac is good at showing how a dread-filled mind works...
