 An Abridgment Of The Architecture Of Vitruvius: Containing A System Of The Whole Works Of That Author. To Which Is Added In This Edition The Etymology And Derivation Of The Terms Used In Architecture. First Done In French By Monsr Perrault, Of The Academy Of Paris, And Now Englished, With Additions. This book is a result of an effort made by us towards making a contribution to the preservation and repair of original classic literature. In an attempt to preserve, improve and recreate the original content, we have worked towards: 1. Type-setting & Reformatting: The complete work has been re-designed via professional layout, formatting and type-setting tools to re-create the same edition with rich typography, graphics, high quality images, and table elements, giving our readers the feel of holding a 'fresh and newly' reprinted and/or revised edition, as opposed to other scanned & printed (Optical Character Recognition - OCR) reproductions. 2. Correction of imperfections: As the work was re-created from the scratch, therefore, it was vetted to rectify certain conventional norms with regard to typographical mistakes, hyphenations, punctuations, blurred images, missing

content/pages, and/or other related subject matters, upon our consideration. Every attempt was made to rectify the imperfections related to omitted constructs in the original edition via other references. However, a few of such imperfections which could not be rectified due to intentional/unintentional omission of content in the original edition, were inherited and preserved from the original work to maintain the authenticity and construct, relevant to the work. We believe that this work holds historical, cultural and/or intellectual importance in the literary works community, therefore despite the oddities, we accounted the work for print as a part of our continuing effort towards preservation of literary work and our contribution towards the development of the society as a whole, driven by our beliefs. We are grateful to our readers for putting their faith in us and accepting our imperfections with regard to preservation of the historical content. HAPPY READING!

The tutorial consists of 2 parts. Part 1 sets forth a theory with detailed explanations of design principles, examples and exercises to work out various techniques. Part 2, the workshop, consists of 28 designs for processing and recreation. The manual is designed to study the principles of book cover design «from scratch». Partly the attention is paid to illustration. On the

completion of this course, you will be able to make the design of any complexity and subject matter.

"Collins leads a breathtaking lion hunt in his marvellous introduction to one of the British Museum's fiercest and most famous treasures" (Times [UK]) Between the ninth and seventh centuries BCE, the small kingdom of Assyria (present-day northern Iraq) expanded through conquest from Egypt to Iran. The relief sculptures that decorated Assyrian palaces represent the high point of Mesopotamian art of the first millennium BCE, both for their artistic quality and their vivid depictions of warfare, rituals, mythology, hunting, and other aspects of Assyrian life. Together, the sculptures constitute some of the most impressive and eloquent witnesses of the ancient Near East, their importance only increasing with the recent destruction by ISIS of many of the reliefs that remained in Iraq. Originally published by the British Museum in 2008, this book serves as a superb visual introduction to these extraordinary sculptures, showcasing a series of stunning photographs of the museum's unrivaled collection of Assyrian reliefs. Highlighting individual panels and their often overlooked details, these images capture the majesty of Assyrian kings, their splendid courts, and protecting divinities. An introduction by Collins sets the sculptures in their cultural and art historical context, while the following chapters provide a brief history of Assyria and its royal palaces as well as an overview of the artworks' discovery, reception, and understanding.

The Friendly Daemon, or the Generous Apparition BoD – Books on Demand

I was invited to the studio. They were making a political TV show on the channel called "284-467". Non-Shuster was the anchorman of the show. On that TV channel they were giving false information rather often but actually it can be said about all the TV channels nowadays. They were deceiving their audiences. They were showing only entertainment programs and nothing else... In a while I found myself in the studio. Shaitan came with me. He just couldn't let me go alone though no one had invited him, even me. The studio was a huge hall with hundreds of common people. They were sitting, looking around stupidly and

smiling. Everyone had a remote controller with the help of which they could manage that mad show. There were a lot of politicians delivering speeches and among them were absolutely cracked Unicellular representatives of the Supreme Government and demoncracy - Timoshenko, Yanukovich, Yuschenko, Kuchma, Yatsenyuk, Tigipko, Kravchuk and others. There were also a number of foreign guests. Shaitan always said that foreign countries shouldn't exist. All these representatives of demoncratic power are sheer rubbish. The power should be given to Multicellular Truth Authorities who unlike these Unicellular fools not only have their laws but also observe them. (...) Shaitan told me many times that no one ever audited the Unicellulars' initial capital. They only took and gave bribes (the more colloquial term is "kickbacks"). (...) Behind a glamorous show that these quasi-politicians organized they couldn't see the pitiful and sad life of common people whose representatives were sitting in the studio and applauding when big red words "Applause" appeared on a huge screen above their heads. That was very impressive. On the whole it was a quasi-political TV show without banners and active brain wash. The show was led by a man called Non-Savik Non-Shuster. The thing I liked most about the show was that it was broadcast live. The corresponding words were shown on the screen but in my eyes, in the light of my mind I was able to discern the word "Death" instead. Besides, I saw drops of blood dribbling from the strikethrough word "LIVE" and those were the drops of my hatred towards the fallen mankind. I was looking fantastic. I was wearing a mask of a smiling hare with little ears and a Ku Klux Klan-style robe with a pentagram on the chest and a fylfot on the place where the heart should be. I was looking as a Devil coming down from the Heavens... Or rather coming up from Hell. I came to this abominable fallen world in order to bring the Last Judgment and to save everyone from the Doomsday. I was wearing twisted horns like Satan's and wings of light like Lucifer's. My eyes were deep and expressive, like a pure lake in a bright day. They reminded the eyes of aliens that people used to draw in their comic books. Those merry green creatures... Besides, I was wearing bright shoes rather than shabby sandals like that Jesus the Carpenter who was crucified by moronic Unicellulars and then proclaimed their Great God... The God of foolishness and complete idiocy. In the shoes there weren't my legs as Shaitan occupied my human body. The one I had occupied before. And now these legs were carrying me in the opposite direction from the mankind and ignorance. In the direction of aliens! On that wonderful day I was holding not a baseball bat or a spade or a sword in my hand. I was holding an exquisite 'Champion' petrol-powered saw of the latest "137" model (by the way, the company was named after me). Drops of still warm blood of Unicellulars were trickling down from it. In the other hand I was holding Serpent-headed Hermes Warder. It was the warder of Gods' Herald, Consoler and Holy Spirit which is mentioned in all Buddhist, Christian, Muslim, Pagan and other books. My name was Maytreya. For those who don't know it I would explain. Maytreya is Great Prophet, God of new world order. Maytreya is a unique bodhisattva honoured by all the branches of Buddhism. The prophecies said that "he would be memorized as a wrathful defender of the faith". And it will really happen, mark my words. "He will come from the East with a symbol of his Realm". He has already come. (...) In a letter to Caesar Michel Nostradamus indicated the time of my coming: "One day people's ignorance will be over and that day the supremacy of the greatest enlightenment".

The history of Italy falls into two main sections: (1) its internal history down to its union under the leadership of the Latin stock, and (2) the history of its sovereignty over the world. Under the first section, which will occupy the first two books, we shall have to set forth the settlement of the Italian stock in the peninsula; the imperilling of its national and political existence, and its partial subjugation, by nations of other descent and older civilization, Greeks and Etruscans; the revolt of the Italians against the strangers, and the annihilation or subjection of the latter; finally, the struggles between the two chief Italian stocks, the Latins and the Samnites, for the hegemony of the peninsula, and the victory of the Latins at the end of the fourth century before the birth of Christ-or of the fifth century of the city. The second section opens with the Punic wars; it embraces the rapid extension of the dominion of Rome up to and beyond the natural boundaries of Italy, the long status quo of the imperial period, and the collapse of the mighty empire.

Joshua Marvel | Headline Review

В книгу включены переводы на английский язык произведений Михаила Армалинского. В неё вошли рассказы, киносценарий и эссе "Спасительница". Большинство оригиналов было опубликовано в книге "Чтоб знали!", изданной в московском издательстве Ладомир в 2002 году. Mikhail Armalinsky is the leader of modern Russian erotica. He resides in the US since 1977. He is the publisher of Pushkin's Secret Journal 1836-1837 translated in 25 countries and the author of over 20 books of prose and poetry. The main theme in Armalinsky's work is the comprehensive study of human sexual relationships. Working outside of any literary school, following no one and producing no followers, Mikhail Armalinsky has tirelessly, over the course of half a century, promoted in the consciousness of his readers his themes, views, and convictions, which for him have the force of commandments. The main idea of the essay is that the legalization of prostitution must be based on a return of its divine, sacred character, so that prostitution will be considered the most honorable profession, the one closest to God, the holiest. Most of works in this book are translated from Armalinsky's collection of works in Russian Чтоб знали! available at litres.ru

The Slayer of Souls Vadim Babenko

"Only when the Nan-yang Maru sailed from Yuen-San did her terrible sense of foreboding begin to subside. For four years, waking or sleeping, the awful subconsciousness of supreme evil had never left her. But now, as the Korean shore, receding into darkness, grew dimmer and dimmer, fear subsided and grew vague as the half-forgotten memory of horror in a dream. She stood near the steamer's stern apart from other passengers, a slender, lonely figure in her silver-fox furs, her ulster and smart little hat, watching the lights of Yuen-San grow paler and smaller along the horizon until they looked like a level row of stars."
