L'originalité de cet ouvrage est d'établir le lien entre paysages et bonne santé des abeilles, les modifications paysagères pouvant impacter leurs modes de vie. Il aborde la disponibilité des ressources en pollen et en nectar pour les abeilles en fonction des

paysages, du type de zones géographiques, de la végétation et des pratiques agricoles et apicoles. Un livre utile à tous ceux qui veulent comprendre les causes du déclin des abeilles.

The Honey Bee Lloyd's Register

The Lloyd's Register of Shipping records the details of merchant vessels over 100 gross tonnes, which are self-propelled and sea-going, regardless of classification. Before the time, only those vessels classed by Lloyd's Register were listed. Vessels are listed

alphabetically by their current name.
