The Teacher's Planning Pak and Guide to Individualized Instruction Carson-Dellosa Publishing

This Daily Practice series helps your students use their skills, so they won't lose

them. There are five problems a day, every day, for 36 weeks. The practice activities are set up in a spiraling scope and sequence so that students practice skills at regular intervals. Each week's problems are based on a grade-level appropriate topic so every time a skill shows up, it has a new context, requiring students to dig into their memories, recall what they know, and apply it to a new situation. Correlated to state and national standards, this six book series provides daily math and daily language practice for grades 6, 7, and 8.

Instant Activities for Classroom Success R. R. Bowker

Give your third grader a fun-filled way to build and reinforce spelling skills.

Spectrum Spelling for grade 3 provides progressive lessons in homophones, contractions, vowels, compound words, commonly used words, and dictionary skills. This exciting language arts workbook encourages children to explore spelling with brainteasers, puzzles, and more! --Don't let your child's spelling skills depend on spellcheck and autocorrect. Make sure they have the knowledge and skills to choose, apply, and

spell words with confidence--and without assistance from digital sources. Complete with a speller's dictionary, a proofreader's guide, and an answer key, Spectrum Spelling offers the perfect way to help children strengthen this important language arts skill.

Instructor and Teacher

Still the biggest concern for many on initial teacher training courses is the acquisition of subject knowledge and the ability to translate that into effective teaching. This book addresses this - building on the core subject knowledge covered in the Achieving QTS series and relating it to classroom practice. It supports trainees in extending and deepening their knowledge of English and demonstrating how to apply it to planning and implementing lessons.

Practical and up-to-date teaching examples are used to clearly contextualize subject knowledge. A clear focus on classroom practice helps trainees to build confidence and develop their own teaching strategies.

**Daily Language Practice 6th Grade:
