An exploration of how the Greeks reacted to and interacted with India from the third to first centuries BCE. When the Greeks and Macedonians in Alexander's army reached India in 326 BCE, they entered a new and strange world. They knew a few legends and travelers' tales, but their categories of thought were inadequate to encompass what they witnessed. The plants were unrecognizable, their properties unknown. The customs of the people were various and puzzling. While Alexander's conquest was brief, ending with his death in 323 BCE, the Greeks would settle in the Indian region for the next two centuries, forging an era of productive interactions between the two cultures. The Greek Experience of India explores the various ways that the Greeks reacted to and constructed life in India during this fruitful period. From observations about botany and mythology to social customs, Richard Stoneman examines the surviving evidence of those who traveled to India. Most particularly, he offers a full and valuable look at Megasthenes, ambassador of the Seleucid king Seleucus to Chandragupta Maurya, and provides a detailed discussion of Megasthenes's now-fragmentary book *Indica*. Stoneman considers the art, literature, and philosophy of the Indo-Greek kingdom and how cultural influences crossed in both directions, with the Greeks introducing their writing, coinage, and sculptural and architectural forms, while Greek craftsmen learned to

work with new materials such as ivory and stucco and to probe the ideas of Buddhists and other ascetics.

Culture of Memory in South Asia reconfigures European representations of India as a paradigmatic extension of a classical reading, which posits the relation between text and context in a determined way. It explores the South Asian cultural response to European "textual" inheritances. The main argument of this work is that the reflective and generative nodes of Indian cultural formations are located in the configurations of memory, the body and idiom (verbal and visual), where the body or the body complex becomes the performative effect and medium of articulated memories. This work advances its arguments by engaging with mnemocultures—cultures of memory that survive and proliferate in speech and gesture. Drawing on Sanskrit and Telugu reflective sources, this work emphasizes the need to engage with cultural memory and the compositional modes of Indian reflective traditions. This important and original work focuses on the ruptured and stigmatised resources of heterogeneous Indian traditions and calls for critical humanities that move beyond the colonially configured received traditions. *Cultures of Memory* suggests the possibilities of transcultural critical humanities research and teaching initiatives from the Indian context in today's academy.

The iconic masterpiece of India that introduced the world to "a glittering novelist—one with startling imaginative and intellectual resources, a master of

perpetual storytelling” (The New Yorker) WINNER OF THE BEST OF THE BOOKERS • SOON TO BE A NETFLIX ORIGINAL SERIES Selected by the Modern Library as one of the 100 best novels of all time • The fortieth anniversary edition, featuring a new introduction by the author Saleem Sinai is born at the stroke of midnight on August 15, 1947, the very moment of India’s independence. Greeted by fireworks displays, cheering crowds, and Prime Minister Nehru himself, Saleem grows up to learn the ominous consequences of this coincidence. His every act is mirrored and magnified in events that sway the course of national affairs; his health and well-being are inextricably bound to those of his nation; his life is inseparable, at times indistinguishable, from the history of his country. Perhaps most remarkable are the telepathic powers linking him with India’s 1,000 other “midnight’s children,” all born in that initial hour and endowed with magical gifts. This novel is at once a fascinating family saga and an astonishing evocation of a vast land and its people—a brilliant incarnation of the universal human comedy. Forty years after its publication, *Midnight’s Children* stands apart as both an epochal work of fiction and a brilliant performance by one of the great literary voices of our time.

A Strange Kind of Paradise is an exploration of India's past and present, from the perspective of a foreigner who has lived in India for many years. Sam Miller investigates how the ancient Greeks, the Romans, the Chinese, Arabs, Africans, Europeans and Americans came to imagine India. Spanning the centuries from Alexander the Great to Slumdog Millionaire, Miller's account features, among others, Thomas the Apostle, the Chinese monk Xuanzang, Marco Polo, Babur, Clive of India, Allen Ginsberg, the Beatles and Steve Jobs-all of it interspersed with the story of his own 25-yearlong love affair with India. At once scholarly and thoughtprovoking, delightfully eccentric and laugh-out-loud funny, this book is destined to become a much-loved classic.

Originally published in 1958. This volume brings into focus an area of Islamic religio-philosophical thought to which relatively little attention has been paid by modern scholars of Muslim thought. The importance of the subject lies in the fact that it constitutes a central point at the confrontation of the traditional Islamic and Hellenic thought currents.

"Like a matured painter who is very particular in choosing the right and profound colours to draw a masterpiece, Anu has exhibited abundance of talent as a conscious artist in choosing the right words and putting them at the right place in her compositions for effectively creating the magic of lovely poetic creations"- R. K. Das, Director, Rajya Sabha, Parliament of India ('Of The Lesser Known') "Anu has good talent, command and control of words and has

fruitful imagination. The poetess appears to be a sensitive soul which reminds us of the old saying, 'the heart has its own reasons that the head cannot understand'- Dr. Alexander Jacod, I.P.S ('When My Heart Speaks') Anu Joshy's poetry stands out for its universal appeal with great depth of thought, sensitivity to issues, power of expressions and refreshing honesty. It is captivating to see how she entraps the delicate emotions of the human heart and the nuances of relationships in her poems. Her identity and perception as a woman stands out stark in her poetry. Her third collection of poems 'With Blue Ink of the Oceans' is a candid mirror that she holds against her soul and the society. The beauty of her poetry lies in the truth that in that mirror we can see our own reflections.

Hindústáni as it Ought to be Spoken

"Spine chilling ... written with flair and clear-eyed acidity." — The New Yorker
Based on actual events, *The Story of My Assassins* tells the story of a journalist who learns that the police have captured five hitmen on their way to kill him. Landing like a bombshell on his comfortable life, just as he's started a steamy affair with a brilliant woman, the news prompts him to launch an urgent investigation into the lives of his aspiring murderers—a ragtag group of street thugs and village waifs—and their mastermind. Who wanted him dead, and why? But the investigation forces him to reexamine his own life, too—to confront his own notion of himself, his job, and his treatment of the women in his life, as well as his own complex feelings about the country that crafted his would-be killers. Part thriller and part erotic romance, full of dark humor and knife-edged suspense, *The Story of My Assassins* is a piercing literary novel that takes us from the lavish, hedonistic palaces of India's elite to its seediest slums. It is a novel of corruption, passion, power, and ambition; of extreme poverty and obscene wealth. It is an awesome adventure into the heart of today's India.
