**Wife 22** Penguin

"A truly addictive read" (Glamour) about how a young woman's crush on a privileged former classmate becomes a story of love, lies, and dark obsession, offering stark insights into the immigrant experience, as it hurtles to its electrifying ending in this "twisty, unputdownable, psychological thriller" (People). Ivy Lin is a thief and a liar—but you'd never know it by looking at her. Raised outside of Boston, Ivy's immigrant grandmother relies on Ivy's mild appearance for cover as she teaches her granddaughter how to pilfer items from yard sales and second-hand shops. Thieving allows Ivy to accumulate the trappings of a suburban teen—and, most importantly, to attract the attention of Gideon Speyer, the golden boy of a wealthy political family. But when Ivy's mother discovers her trespasses, punishment is swift and Ivy is sent to China, and her dream instantly evaporates. Years later, Ivy has grown into a poised yet restless young woman, haunted by her conflicting feelings about her upbringing and her family. Back in Boston, when Ivy bumps into Sylvia Speyer, Gideon's sister, a reconnection with Gideon seems not only inevitable—it feels like fate. Slowly, Ivy sinks her claws into Gideon and the entire Speyer clan by attending fancy dinners, and weekend getaways to the cape. But just as Ivy is about to have everything she's ever wanted, a ghost from her past resurfaces, threatening the nearly perfect life she's worked so hard to build. Filled with surprising twists and a nuanced exploration of class and race, *White Ivy* is a "highly entertaining," (The Washington Post) "propulsive debut" (San Francisco Chronicle) that offers a glimpse into the dark side of a woman who yearns for success at any cost.

*Sleeping with Strangers* Harper Collins

**BEYOND THE ICE LIMIT** That thing is growing again. We must destroy it. The time to act is now... With these words begins Gideon Crew's latest, most dangerous, most high-stakes assignment yet. Failure will mean nothing short of the end of humankind on earth. Five years ago, the mysterious and inscrutable head of Effective Engineering Solutions, Eli Glinn, led a mission to recover a gigantic meteorite—the largest ever discovered—from a remote island off the coast of South America. The mission ended in disaster when their ship, the *Rolvaag*, foundered in a vicious storm in the Antarctic waters and broke apart, sinking along with its unique cargo to the ocean floor. One hundred and eight crew members perished, and Eli Glinn was left paralyzed. But this was not all. The tragedy revealed something truly terrifying: the meteorite they tried to retrieve was not, in fact, simply a rock. Instead, it was a complex organism from the deep reaches of space. Now, that organism has implanted itself in the sea bed two miles below the surface—and it is growing. If it is not destroyed, the planet will be doomed. There is only one hope: for Glinn and his team to annihilate it, a task which requires Gideon's expertise with nuclear weapons. But as Gideon and his colleagues soon discover, the "meteorite" has a mind of its own—and it has no intention of going quietly...

The author of the critically acclaimed *Wife 22* has written a captivating novel about a love that transcends time—perfect for readers of *The Time Traveler's Wife*, *Time and Again*, and the novels of Alice Hoffman. San Francisco, 1975. A single mother, Lux Lysander is overwhelmed, underpaid, and living on the edge of an emotional precipice. When her adored five-year-old son goes away to visit his grandparents, Lux takes a solo trip to Sonoma Valley—a chance to both lose herself and find herself again. Awakened at midnight, Lux steps outside to see a fog settled over the Sonoma landscape. Wandering toward a point of light in the distance, she emerges into a meadow on a sunny day. There she meets a group of people whose sweetly simple clothing, speech, and manners almost make them seem as if they are from another time. And then she realizes they are. Lux has stumbled upon an idyllic community cut off not only from the rest of the world but from time itself. The residents of Greengage tell a stunned and disoriented Lux that they've somehow been marooned in the early twentieth century. Now that she has inexplicably stepped into the past, it is not long before Lux is drawn in by its peace and beauty. Unlike the people of Greengage, Lux discovers that she is able to come and go. And over the years, Lux finds herself increasingly torn between her two lives. Her beloved son is very much a child of the modern world, but she feels continually pulled back to the only place she has ever truly felt at home.
