Fall in love with the addictive, suspenseful love story between a teenage girl and a vampire with the book that sparked a "literary phenomenon" and redefined romance for a generation (New York Times). Isabella Swan's move to Forks, a small, perpetually rainy town in Washington, could have been the most boring move she ever made. But once she meets the mysterious and alluring Edward Cullen, Isabella's life takes a thrilling and terrifying turn. Up until now, Edward has managed to keep his vampire identity a secret in the small community he lives in, but now nobody is safe,

especially Isabella, the person Edward holds most dear. The lovers find themselves balanced precariously on the point of a knife -- between desire and danger. Deeply romantic and extraordinarily suspenseful, Twilight captures the struggle between defying our instincts and satisfying our desires. This is a love story with bite. It's here! #1 bestselling author Stephenie Meyer makes a triumphant return to the world of Twilight with the highly anticipated companion, Midnight Sun: the iconic love story of Bella and Edward told from the vampire's point of view. "People do not want to just read Meyer's books; they want to climb inside them and live there." -- Time "A literary phenomenon." -- The New York Times

Use and Abuse of History has become a key text of current

historiography; this is a book that poses fundamental and disturbing questions about the use and abuse of history. Engaging and challenging, this book confronts the reader with the many 'histories' that exist and have existed around the world, from the Zulu kingdoms to Communist China. This title has now been extensively revised by Marc Ferro, a well respected historian, and presents the different narratives that constitute the histories of countries as diverse as India, Iran, Trinidad and the United States makes for fascinating reading in their own right. What makes this book so valuable, though, is what these narratives tell us about the societies which create them – how much is history distorted in order to condition the minds of those who are taught it? Use and Abuse of History appeals to anyone with a general interested in history.

In the present book, *How to Win Friends and Influence People*, Dale Carnegie says, “You can make someone want to do what you want them to do by seeing the situation from the other person’s point of view and arousing in the other person an eager want.” You learn how to make people like you, win people over to your way of thinking, and change people without causing offense or arousing resentment. For instance, “let the other person feel that the idea is his or hers” and “talk about your own mistakes before criticizing the other person.” This book is all about building relationships. With good relationships, personal and business successes are easy and swift to achieve. *Twelve Ways to Win People to Your Way of Thinking* 1. The only way to get the best of an argument is to avoid it. 2. Show respect for the other person's opinions. Never say "You're wrong." 3. If you're wrong, admit it

quickly and emphatically. 4. Begin in a friendly way. 5. Start with questions to which the other person will answer yes. 6. Let the other person do a great deal of the talking. 7. Let the other person feel the idea is his or hers. 8. Try honestly to see things from the other person's point of view. 9. Be sympathetic with the other person's ideas and desires. 10. Appeal to the nobler motives. 11. Dramatize your ideas. 12. Throw down a challenge.

BOOKER PRIZE NOMINEE • From the internationally bestselling author of *The Sense of an Ending* comes a literary detective story of a retired doctor obsessed with the 19th century French author Flaubert—and with tracking down the stuffed parrot that once inspired him. • “A high literary entertainment carried off with great brio.” —The New York Times Book Review *Julian Barnes* playfully combines a detective story with a character study of its detective, embedded in a brilliant riff on literary genius. A compelling weave of fiction and imaginatively ordered fact, *Flaubert's Parrot* is by turns moving and entertaining, witty and scholarly, and a tour de force of seductive originality.

The National Book Award-winning classic from the author of *Underworld* and *Libra*, soon to be a major motion picture starring Adam Driver and Greta Gerwig *White Noise* tells the story of Jack Gladney, his fourth wife, Babette, and four ultramodern offspring as they navigate the rocky passages of family life to the background babble of brand-name consumerism. When an

industrial accident unleashes an "airborne toxic event," a lethal black chemical cloud floats over their lives. The menacing cloud is a more urgent and visible version of the "white noise" engulfing the Gladneys—radio transmissions, sirens, microwaves, ultrasonic appliances, and TV murmurings—pulsing with life, yet suggesting something ominous. "Nineteen Eighty-Four: A Novel", often published as "1984", is a dystopian social science fiction novel by English novelist George Orwell. It was published on 8 June 1949 by Secker & Warburg as Orwell's ninth and final book completed in his lifetime.

Thematically, "Nineteen Eighty-Four" centres on the consequences of totalitarianism, mass surveillance, and repressive regimentation of persons and behaviours within society. Orwell, himself a democratic socialist, modelled the authoritarian government in the novel after Stalinist Russia. More broadly, the novel examines the role of truth and facts within politics and the ways in which they are manipulated. The story takes place in an imagined future, the year 1984, when much of the world has fallen victim to perpetual war, omnipresent government surveillance, historical negationism, and propaganda. Great Britain, known as Airstrip One, has become a

province of a totalitarian superstate named Oceania that is ruled by the Party who employ the Thought Police to persecute individuality and independent thinking. Big Brother, the leader of the Party, enjoys an intense cult of personality despite the fact that he may not even exist. The protagonist, Winston Smith, is a diligent and skillful rank-and-file worker and Outer Party member who secretly hates the Party and dreams of rebellion. He enters into a forbidden relationship with a colleague, Julia, and starts to remember what life was like before the Party came to power.

A New York Times bestseller With a new introduction by The Motorcycle Diaries filmmaker Walter Salles, and featuring 24 pages of photos taken by Che. The Motorcycle Diaries is Che Guevara's diary of his journey to discover the continent of Latin America while still a medical student, setting out in 1952 on a vintage Norton motorcycle together with his friend Alberto Granado, a biochemist. It captures, arguably as much as any book ever written, the exuberance and joy of one person's youthful belief in the possibilities of humankind tending towards justice, peace and happiness. After the release in 2004 of the exhilarating film of the same title, directed by Walter Salles, the book became a New York Times and international bestseller. This edition includes a new introduction by Walter Salles and an array of new material that was assembled for the 2004 edition coinciding with the release of the film, including 24 pages of previously unpublished photos taken by Che, notes and comments by his wife, Aleida Guevara March, and an extensive introduction by the distinguished Cuban author, Cintio Vitier. "A journey, a number of journeys. Ernesto Guevara in search of adventure, Ernesto Guevara in search of America, Ernesto Guevara in search of Che. On this journey, solitude found

solidarity. 'I' turned into 'we.'"—Eduardo Galeano "As his journey progresses, Guevara's voice seems to deepen, to darken, colored by what he witnesses in his travels. He is still poetic, but now he comments on what he sees, though still poetically, with a new awareness of the social and political ramifications of what's going on around him."—January Magazine "Our film is about a young man, Che, falling in love with a continent and finding his place in it." —Walter Salles, director of the film version of The Motorcycle Diaries "All this wandering around 'Our America with a Capital A' has changed me more than I thought." —Ernesto Che Guevara, from The Motorcycle Diaries

In his new book, Bill Ashcroft gives us a revolutionary view of the ways in which post-colonial societies have responded to colonial control. The most comprehensive analysis of major features of post-colonial studies ever compiled, Post-Colonial Transformation: * demonstrates how widespread the strategy of transformation has been * investigates political and literary resistance * examines the nature of post-colonial societies' engagement with imperial language, history, allegory, and place * offers radical new perspectives in post-colonial theory in principles of habitation and horizontality. Post-Colonial Transformation breaks new theoretical ground while demonstrating the relevance of a wide range of theoretical practices, and extending the exploration of topics fundamentally important to the field of post-colonial studies.

The turbulent years of the 1930s were of profound importance in the life of Spanish film director Luis Buñuel (1900–1983). He joined the Surrealist movement in 1929 but by 1932 had renounced it and embraced Communism. During the Spanish Civil War (1936–39), he played an integral role in disseminating film propaganda in Paris for the Spanish Republican cause. Luis Buñuel: The Red Years, 1929–1939 investigates Buñuel's commitment to making the politicized documentary Land without

Bread (1933) and his key role as an executive producer at Filmófono in Madrid, where he was responsible in 1935–36 for making four commercial features that prefigure his work in Mexico after 1946. As for the republics of France and Spain between which Buñuel shuttled during the 1930s, these became equally embattled as left and right totalitarianisms fought to wrest political power away from a debilitated capitalism. Where it exists, the literature on this crucial decade of the film director's life is scant and relies on Buñuel's own self-interested accounts of that complex period. Román Gubern and Paul Hammond have undertaken extensive archival research in Europe and the United States and evaluated Buñuel's accounts and those of historians and film writers to achieve a portrait of Buñuel's "Red Years" that abounds in new information.

Pastor and author J. D. Greear reveals that the secret to a robust, passionate faith isn't getting all the right answers about God, but seeing God as the awesome, glorious, and infinite presence that He is. We like God small. We prefer a God who is safe, domesticated, who thinks like we think, likes what we like, and

whom we can manage, predict, and control. A small God is convenient. Practical. Manageable. For us, thinking of God as so infinitely greater and wiser than we are and who would cause us to tremble in his presence is a leftover relic from an oppressive, archaic view of religion. But what if this small version of God we've created is holding us back from the greatest experience of our lives—from genuine, confident, world-transforming faith? In *Not God Enough*, J.D. reveals how to discover a God who: is big enough to handle your questions, doubts, and fears is not silent is worthy of worship wants to take you from boring to bold in your faith has a purpose and mission for you on earth is pursuing you right now The truth: God is big. Bigger than big. Bigger than all the words we use to say big. Only a God of infinite power, wisdom, and majesty can answer our deepest questions and meet our deepest longings. God is not just a slightly better, slightly smarter version of you. God is infinite and glorious, and an encounter with Him won't just change the way you think about your faith. It'll change your entire life.
