A daredevil operative takes on the dangerous forces behind the fossil-fuel economy in this thrilling novel of crime,

power, and politics. The president of the United States is committed to renewable energy technology—but there are those whose own interests and agendas are threatened by the looming end of a century-old oil-based economy. Enter a fearless Italian American with a background in the Navy SEALs and the CIA, and the battles begin in an action-packed thriller populated by sheiks and drug cartels, mafiosi and Masons, and the often-dodgy dealmakers who fill the

corridors of Washington. Suspenseful and sophisticated, this fast-moving, page-turning tale takes us around the world as it delves into geopolitical intrigue—and introduces us to an engaging hero ready to take on even the most terrifying adversaries.

The Masonic Magician New

Acdemia+ORM

Miracle-worker or man of straw? Count Alessandro Cagliostro was a cult figure of European society in the tumultuous years

leading to the French Revolution. An alchemist, healer and Freemason, he inspired both wild devotion and savage ridicule – as well as novels by Alexandre Dumas, a drama by Goethe and Mozart’s opera The Magic Flute. Count Alessandro Cagliostro’s sincere belief in the magical powers, including immortality, conferred by his Egyptian Rite of Freemasonry won him fame, but made him dangerous enemies, too. His celebrated travels through the Middle East and the capitals of Europe ended abruptly in Rome in 1789, where he was arrested by the Inquisition and condemned to death for heresy. The Masonic Magician tells Cagliostro’s extraordinary story, complete with the first English translation of his Egyptian Rite of Freemasonry ever published. The authors examine the case made against him, that

he was an impostor as well as a heretic, and find that the Roman Church, and history itself, have done him a terrible injustice. This engaging account, drawing on remarkable new documentary evidence, shows that the man condemned was a genuine visionary and true champion of Freemasonry. His teachings have much to reveal to us today, not just of the secrets of the movement, but of the mysterious hostility it continues to attract.
