Garuda Purana is one of the most sacred Mahapuranas for the devout Hindus. It gains importance because of a single factor: It is the only Purana which gives a detailed description of the, postmortem conditions and rituals as believed by this faith. However, it is a belief as spread by the dogmatic priestly class. The fact is that the Garuda Purana contains many more details other than these. It reveals the consequences of an action in a very graphic and logical way. While most of the puranas tell one what to do, it also tells us what one should not do.

This book offers a translation of the seven thousand verses of the second book of the medieval Hindu text, the Ganesa Purana, one of two Puranas dedicated to the important elephant-headed god. In this book the reader is given many narratives about Ganesa's ascent to earth in order to kill demonic figures who threaten to overthrow the correct world order. In addition, these narratives contain myths about Ganesa's birth and family as well as some extended and quite humorous myths about ideal devotees of the god. The translation is preceded by a long introduction offering a geographical and historical context for the Ganesa Purana. Following the translation are very extensive notes which bring our points of philological interest, but focus mainly on the literary structure of the text and the methods used to present the many myths and narratives in a coherent and fully integrated manner.

Williams breaks new ground in considering Indian pictures as sequences that tell a story in distinctive ways. Her narratological study considers many familiar genres of visual art - illustrated manuscripts, drawings on palm-leaf paper, wall paintings, shadow plays, temple sculpture, painted cloth patas, and other popular and fine art. Williams points out that we often treat images designed to be seen in sequence as separate pictures.

Introduction to Hinduism SUNY Press

Once Jaimini, a disciple of sage Vedavyasa expressed his curiosity before Markandeya- 'O Lord! In the great epic Mahabharat, which was created by Vedavyasa, description of Dharma, Arth, Kama and Moksha appears to be intertwined at times and at other times, it appears to be separate from one another. Vedavyasa had described the norms, the stages and the means to perform the duties in all the four stages. This epic contains cryptic knowledge of Vedas. Hence O great sage! I have approached you in order to grasp the full knowledge contained in Mahabharat with your help. Why did Lord take human incarnation even though He is the cause of the origin, perpetuation and destruction of the universe? How did Draupadi become the wife of five Pandavas? How did Balaram expiate for the sin of killing a Brahmin? How did Draupadi's sons give up their lives? Kindly narrate all these things in detail. '
