This course has helped hundreds of students improve their score and has received appreciation from students around the world.

50 Powerful Vocabulary Terms for IELTSTM, TOEFL®, and TOEIC® Success Winfield Trivette II

Increase your TOEFL iBT score by increasing your speaking and writing scores. How? By using the strategy called argument mapping. Why argument mapping? Because the TOEFL iBT speaking and writing sections are all argument-based tasks. That means if you want high speaking and writing scores, you must know how to map out (develop and deliver) spoken and written arguments, quickly and proficiently. With argument mapping, you will be able to do just that. Best of all, you can apply argument mapping to all six speaking tasks and both writing tasks. That means you will spend less time reading about strategies and more time practicing them. You Will Also Learn: \* Essential rhetorical strategies and opinion development strategies \* Step-by-step basic responses for all speaking and writing tasks \* Step-by-step advanced responses for all speaking and writing tasks \* Step-by-step emergency responses for all speaking and writing tasks \* How to revise your spoken and written responses to maximize scoring \* How to rate spoken and written responses quickly and proficiently ARGUMENT DEVELOPMENT Learn basic and advanced argument development strategies to maximize your speaking and writing scores. By doing so, you can increase your TOEFL score. ARGUMENT MAPPING Learn test-proven speaking and writing strategies quickly and proficiently using the graphics-based strategy called argument mapping. SCORING

STRATEGIES Learn how to think like a TOEFL rater so you know exactly what to say and write to maximize scoring.

Winning TOEFL Essays the Right Way Heinle ELT

Seminar paper from the year 2006 in the subject English Language and Literature Studies - Linguistics, grade: 2,0, University of Cologne (Englisches Seminar), course: Idioms - Cognitive and Didactic Aspect, 8 entries in the bibliography, language: English, abstract: Idioms are an important factor in native-like discourse by an English as a foreign language (EFL) speaker. According to Fernando (1996) "the sheer number of idioms and their high frequency in discourse make them an important aspect of vocabulary acquisition and language learning

in general". Many linguists claim that idioms require special attention in language programs and should not be relegated to a position of secondary importance in the curriculum. However, classroom learning of EFL is - at least in Germany - not very concerned with the teaching of idioms and fixed expressions, as analyses from current and historical textbooks have shown. This results in the necessity for the teacher to make up own exercises or series of lessons to put the teaching of fixed expressions into the curriculum. The cognitive approach to language learning provides useful aspects and implications on how to organize idiom learning in a classroom context. The aim of our paper is to use the cognitive linguistics approach towards idioms and other fixed expressions in English to analyse different homepages on the World Wide Web. In order to do this we will first present a short survey of different cognitive approaches to idioms and their didactic implications for teaching exercises. We will then go on with an analysis of six websites with respect to how the content, structure and exercises follow the implications given by the presented cognitive approaches. After a discussion of the positive and negative aspects we found on the web, we try to give a proposition on how an idiom learning website could be structured and how exercises could look like, when they try to follow a cognitive approach.

*50 Powerful Vocabulary Terms & Preparation Guide for TOEFL iBT®* Vishal Choudhary

The Complete Idiot's Guide to the TOEFL provides students of English as a foreign language with a highly simplified approach to mastering the standard test of English-language proficiency for admission to undergraduate programs at more than 8,500 universities in English-speaking countries. Unlike the key competition, the book aims to cover both the paper-based test and the Internet-based test. It breaks down the reading, listening, speaking, and writing portions of the test into easily digested chapters using simple, clear prose; ample practice questions; and the proven Idiot's Guide formula that makes this book the easiest way to prepare for this important test. Text instruction will be supplemented with online podcasts for extra listening practice and two full practice tests.

**The Complete Idiot's Guide to the TOEFL®** Nova Press  
Written by leading English-language educators in Japan, this Handbook provides an in-depth guide for the new generation of teachers at Japanese universities. In clear, accessible prose, it offers practical and detailed advice on effective classroom pedagogy, student motivation, learning styles, classroom culture, national language policy, career opportunities, departmental politics, administrative mindset, and institutional identity. Its four sections—The setting, The courses, The classroom, and The workplace—examine issues faced by university language teachers as well as challenges confronted by the increasing number of scholars teaching English as a Medium of Instruction (EMI) and Content and Language Integrated Learning (CLIL) courses. Firmly grounded in contemporary teaching method and theory, the Handbook's 23 chapters also acknowledge the influence of diverse movements such as World Englishes, global issues, gender, and positive psychology. Its three appendices contain information on organizations, books, journals, and websites particularly useful for Japanese university educators; explanation of types and rankings of schools; ways to learn more about individual institutions for job-hunting; and detailed information on the structure (and Japanese titles) of faculty and non-teaching staff at the typical university. This Handbook is an invaluable resource for anyone teaching, or aspiring to teach, at a Japanese

university.

*Essential Idioms in English* Barron's Educational Series

This is the breakthrough TOEFL study program that international students have been waiting for. The dynamic multimedia CD-ROM makes learning English fun and easy. No other TOEFL guide can match the power of this revolutionary book/CD-ROM combination.

**The Complete Guide to TOEFL** Jackie Bolen

This workbook provides a resource for students studying towards the TOEFL® (Test of English as a Foreign Language) exam, which is a requirement for entry for non-native speakers of English at over 8,000 universities in 130 countries worldwide. Fully updated for this fourth edition, it includes a range of fun activities to help students build and improve their English vocabulary at TOEFL® level, and is suitable for both self-study and classroom use.

**American English Slang** Winfield Trivette II

Provides an overview of the concepts covered on the Test of English as a Foreign Language along with practice questions, two practice tests, a word list, and a guide to prefixes, suffixes, and word roots.

**How to Prepare for the TOEFL with CD-ROM** Penguin

English is a global language spoken worldwide by nearly 400 million native speakers and 750 million people of different ethnicities as a second language, making it the largest spoken language in the world. While there are multiple dialects and accents including North American, British English, Australian, African and Asian to name a few, it can often be interpreted by people using a different dialect and accent which makes communicating in English, one of the most essential skills to have. Being able to read, write, speak and understand English is necessary for business, travel, education, career and for maintaining international relations. The most successful people in the world have mastered their communication skills in English. It helps them have a better life not only professionally but also personally. These people can express themselves better and maintain good relations with their family and friends. Every language comprises of two parts - grammar and vocabulary. While grammar can be learnt at schools, colleges, universities, private institutions or using English grammar books, learning vocabulary and being able to remember it and utilize it in everyday communication has always been a challenge.

Dictionaries have been the oldest and most basic source of learning English vocabulary. They provide word meanings and sentences. Thesaurus provides synonyms of words. Other English books provide antonyms, idioms and phrases. But all these serve more as a reference than a learning source since memorizing a plethora of words from these sources is almost impractical. And yet most books for competitive exams in the market today list thousands of words and meanings and expect people to memorize them. Institutes and Universities encourage people to read novels or fiction books voraciously in the hope that people will be able to improve their vocabulary. What they fail to understand is readers must read hundreds of books to learn hundreds of words. There is never a certainty that the books they read will have a disjoint set of words. Even if they do, it will only take several years before a reader will be able to master hundreds of words. In order to resolve the above conundrum and make it convenient for readers to learn thousands of words with just one book and in a span of only two to three months, an attempt has been made in the form of The English Bunny. The English Bunny is a collection of short stories and prides itself on covering close to 2500 words and their meanings in just about

150 pages with 1 story per page and each story not exceeding 20 lines. Like never before, The English Bunny is here to revolutionize the way you learn and improve your English Vocabulary. If you are a student preparing for any competitive exam like GMAT, GRE, TOEFL, IELTS, MCAT, SAT or ACT, you are hard pressed on time and would want to master a lot of words in a short span of time. The English Bunny will help you memorize these words in a sure shot fun way with very little effort. If you are a business professional, looking to enhance your communication skills by improving your vocabulary, The English Bunny will help you in your pursuit. If your first language is not English and you have difficulty in understanding complex English or if you are interested in improving your confidence, The English Bunny will help you in your pursuit. It is your fastest English vocabulary learning pal.

British and American Idioms Princeton Review

Helps learners acquire the skills they need to succeed on the Test of English as a Foreign Language.
