You can shoot
in the
70's! Ben
Hogan has
long believed
that any golfer

with average
coordination
can learn to
break 80 if he
applies
himself
intelligently --
and here, with
Herbert
Warren Wind,
and artist
Anthony
Ravielli, he
tells you, step
by step, just
how to go
about it. The
greatest golfer

of our
generation
has distilled
his experience
as teacher,
player, and
observer of
golf into a
series of richly
illustrated
"visual
instructions"
that not only
can improve
your game
and lower
your score,
but also can

help you get even more fun out of what many people already think is the most enjoyable game in the world. Each chapter, each tested "fundamental" is explained and demonstrated with amazing detail and clarity. It's as though the master himself were right there at your elbow, giving you a personal lesson with the same thought and care that has gone into his lifetime of golf. The

Modern Fundamentals of Golf is no instant and easy shortcut. There is none. But with Ben Hogan as your pro, you can master these basic movements very quickly. And then you can go on to develop a correct, powerful swing that will repeat. As Ben Hogan says, it's only then that you'll "discover golf for the first time." Exploring Social Psychology S. Chand

Publishing Explore the world of the hit game through the eyes of the lovable robot, Pathfinder, as he chronicles his journey throughout the various environs of the Outlands to interview his fellow Legends -- all in the hope of finally locating his mysterious creator. The rich history of Apex Legends is explained by the characters that helped to shape it, as are their unique bonds of competition and

camaraderie.

Estimating and Costing in Civil Engineering Random House India In an effort to

assure she won't be hurt again, Maxine 'Max' Villini has placed herself in a somewhat unique relationship. To her, it seems like she has it all figured out and is convinced she has successfully protected herself from any future heartache. A slight downside, she can't really tell anybody about it. When things begin to get complicated and, despite her best efforts, she is

in fact hurt again, Max finds herself not so gracefully dancing around her poor decisions which include misleading her friends and family and finding herself back in the arms of her ex-boyfriend. *Light of the Northern Dancers* Untreed Reads Lakhmir Singh's Science is a series of books which conforms to the NCERT syllabus. Ben Hogan's Five Lessons Wiley
Why don't we feel the moment when we fall in love but always remember when it ends? Akash is young, single and conservative with a preference for girls with brains than in miniskirts. One day, he runs into free-spirited Aleesha at a local discotheque. A

mass-media student, Aleesha is a pampered brat, the only child of her parents who dote on her. This brief meeting leads them to exchange their BlackBerry PINs and they begin chatting regularly. As BlackBerry plays cupid, they fall in love. When they hit a rough patch in their life, Aditya, Akash's close pal, guides them through it. But just when they are about to take their

relationship to the next level, a sudden misfortune strikes. Can Aditya bring Akash's derailed life back on track? It Started with a Friend Request is a true story which will make you believe in love like never before. Easily Justified Pebble This overview of evolutionary, behavioural, population, community and applied ecology covers the essentials required by beginning

students. This edition has been thoroughly updated to reflect recent ideas, concepts and examples. It also features greater emphasis on applied ecology. *Few Things Left Unsaid* CreateSpace When will you get a real career? When will you stop working nights and weekends? When do you plan to use your college degree? If you work in retail, these are questions you often hear.

Does this make you feel like the career you love was all just an accident? You're not alone. The retail industry employs millions, yet most people don't end up there by design. Ron Thurston wrote Retail Pride as an indispensable guide for every retail employee, manager, and multi-store leader looking to accelerate their potential and grow their career. It's filled with straightforward, practical

tips for developing your talents, connecting with customers, and building your leadership skills. Based on more than twenty-five years of Ron's retail leadership experience, you'll discover a sense of belonging in the words of someone who has been a champion for the industry and shares your journey.
