The Regulatory Technology Handbook The transformational potential of RegTech has been confirmed in recent years with US$1.2 billion invested in start-ups (2017) and an expected additional spending of US$100 billion by 2020. Regulatory technology will not only provide efficiency gains for compliance and reporting functions, it will radically change market structure and supervision. This book, the first of its kind, is providing a comprehensive and invaluable source of information aimed at corporates, regulators, compliance professionals, start-ups and policy makers. The REGTECH Book brings into a single volume the curated industry expertise delivered by subject matter experts. It serves as a single reference point to understand the RegTech eco-system and its impact on the industry. Readers will learn foundational notions such as: • The economic impact of digitization and datafication of regulation • How new technologies (Artificial Intelligence, Blockchain) are applied to compliance • Business use cases of RegTech for cost-reduction and new product origination • The future regulatory landscape affecting financial institutions, technology companies and other industries Edited by world-class academics and written by compliance professionals, regulators, entrepreneurs and business leaders, the RegTech Book represents an invaluable resource that paves the way for 21st century regulatory innovation.
The Sterling Bonds and Fixed Income Handbook Wiley

What a pleasure it is to discover a book thattells it like it is with no hidden agendas. It's sure to pay youdividends and capital gains again and again in the yearsahead." "Before investing in the markets, you should invest in this book."--Alice Kane Executive Vice President, New York Life InsuranceCompany "Investor's Business Daily Guide to the Markets is

thequintessential guide for anyone interested in gaining insight andhelpful information about the financial markets." --Louis G.Navellier, President, Navellier & Associates Inc., Editor, MPTReview. "A great book for people who want to understand the markets. Don'tmiss this comprehensive roundup--the mutual funds chapter alone isworth the price of the book." --James M. Benham, Chairman of theBoard, Benham Funds. "Developing an investment portfolio is like building a house: youmust start with a solid foundation. This book gives you theinvestment foundation you need. Buy it before you put anotherdollar in stocks, bonds, or mutual funds."--Ted Allrich. author,The Online Investor "The On-line Investor" (America Online). "Bill O'Neil, for years the unheralded hero of institutionalinvestors worldwide, began offering his expertise to the individualinvestor over ten years ago through Investor's Business Dailynewspaper. Now his Investor's Business Daily Guide to the Marketstakes the next step for investors by putting basic financialinformation into meaningful terms and useful strategies. This is a'must read' for all investors --big and small." --Richard W.Perkins, CFA, President and Portfolio Manager, Perkins CapitalManagement, Inc.

The Investor's Quotient John Wiley & Sons

Praise for the classic guide to gaining a psychological advantagein investment and trading "The Investor's Quotient is destined to go down in history as theultimate book on investor psychology . . . it explains thepsychology of a trader in clear and simple English . . . and itteaches highly effective methods designed to improve the bottomline . . ."-Larry Williams, author Long-Term Secrets to Short-TermTrading "The Investor's Quotient is a welcome breath of fresh air in whathas been a too-long-avoided subject-the psychological reasons whysome people win and most others lose in the commodity markets. Morethan that, Jake Bernstein proves in this book he is an excellentteacher, and clearly and candidly shows how greater knowledge ofyourself can become your most effective trading tool. It's a mustfor every trader's library."-Leon Rose, Publisher Newsletter andManaged Account Reports "Should be required reading for all traders and investors. It hashelped immeasurably through the years . . . I'd be lost withoutit."-Don Sarno, Former Director Commodities Educational Institute "This is the classic book on investor psychology. It has paved theway to a new era of investor success and self-confidence . .."-Steve Moore Moore Research Center ". . . convincing . . . This thoroughgoing manual should helpimpulsive investors save money."-Publishers Weekly For updates on new and bestselling Wiley finance books:wiley.com/wbns

Young Investor's Guide Penguin

From William Green, a financial journalist who has written for The New Yorker, Time, and Fortune, comes a fresh and unexpectedly profound book that draws on interviews with more than 40 of the worlds super-investors to demonstrate that the keys for building wealth hold other life lessons as well.

Quality of Earnings Academic Press

A concise yet comprehensive guidebook that addresses the practical aspects of investing in derivatives. Written for the professional market but accessible enough for individual investors, The Investor’s Guidebook to Derivatives includes all the information needed to succeed in today’s complex derivatives market, including: • What constitutes a “derivative instrument” • The difference between forward and forecast prices • Pricing and using forward contracts • Swaps: pricing and applications • Option vocabulary • Pricing options—a framework • Implementing directional and volatility strategies • Exotic options: pricing and applications • Options on natural occurrences: rain, snow, and wind The Investor’s Guidebook series presents investment vehicles and strategies from both the issuers’ and the investors’ perspectives. Starting with basic concepts and then building to state-of-the-art pricing models, strategies, and tactics, these succinct handbooks will be useful for everyone from new hires through experienced professionals. Unlike most books, which are read once and sit on the shelf, professionals will refer to these books repeatedly throughout their careers.

How to Analyse Bank Financial Statements Createspace Independent Publishing Platform

Real Estate Due Diligence guides you through the process of evaluating residential real estate opportunities so you can invest with confidence.

The Investor's Guide to Emerging Markets John Wiley & Sons

Young Investor’s Guide is written to cater to the young generation who have started earning or just settled with work. The language and content of the book have been kept simple and act as a guide so that the young generation can use it for actual investment. Before starting any investment journey, one needs to understand the importance of insurance and emergency funds. The investment journey can be divided into short-term, medium-term and long-term investments. Investments can be done in tangible and non-tangible assets. One has to fulfil their responsibility towards family, children’s education and marriage. One day, everyone has to retire, therefore planning for retirement is essential to avoid dependency on others. Life after retirement should be comfortable, and you should be able to contribute to charity. It is important to monitor and protect your wealth so that it grows with you and ultimately goes to the person you desire. Finally, the book talks about how to set financial goals and plan the future. Young Investor’s Guide takes a holistic approach towards investment. The young generation will learn the basics of investment and their applications. Middle-aged folks can correct their investment path if they have missed something, and seniors can add to their understanding of the investment process as well as to their children and grandchildren.

The Investor's Guidebook to Fixed Income Investments Jamesbrennae Publishing

After beating back a slump a decade ago, real estate has rebounded in a big way for the Millenium, offering a hot investment vehicle that even novices can ride to riches. The Unofficial Guide to Real Estate Investing clearly shows that the secret in getting rich lies not in get-rich-quick schemes but rather in investing in a commodity that has been around since the beginning of time -- terra firma, property. A small capital investment today can be leveraged into huge profits tomorrow. Readers learn how to: Buy and manage every type of investment property, from houses to condos to large units to commercial property to land for development Value property correctly Live through the "due diligence" period Handle tenant problems without turning into an 'evil' landlord.

Discover what millions of Winning Investor podcast fans already know: Andrew's straight-shooting style, real-life examples, and quick and dirty tips take the mystery out of the market, put you on the surefire path to investing success, and make the life and future you've been dreaming of yours for the taking

The Investor's Guidebook to Equities John Wiley & Sons

The Pitch Deck Book is a step by step guide to raising seed capital from Venture Capital and Angel investors. This guide was built by Tim Cooley who has spent more than 10 years screening deals and raising more than $200M in seed and early-stage capital for over 100+ companies. "The Pitch Deck Book is-hands-down-the clearest, simplest, and most concise guide ever written to creating and delivering an effective startup fundraising pitch. Three hours spent reading and applying the lessons in Tim Cooley's book will save you thirty hours of well-meaning-but-ineffective feedback from random advisors. Tim comes from the perspectives of both a founder and an investor, and as the Executive Director of a highly regarded angel group, he is EXACTLY the audience your pitch is aimed at. Founders around the world (not to mention investors who have to sit through awful pitches!) owe him an enormous debt of gratitude."-David S. Rose, "The Pitch Coach", author of "The Startup Checklist" and "Angel Investing", founder of New York Angels.Inside The Pitch Deck Book, you will find a guide to creating all the key elements you will need to engage investors. You will learn everything you need to do before you ever set up a meeting. You will learn the best format to present your business so that investors will get excited about your business. Finally, you will be shown a number of actual pitch decks with some of the most common issues that most founders come across when they pitch. Not only do you see the actual decks used, but also the feedback on how to fix them.If you do not want to be the 99% of companies who never get funded and are looking for the most comprehensive way to present your business to investors, this is the book for you.For more information and to get a FREE one-pager builder go to my website: TIMLCOOLEY.CO

Richer, Wiser, Happier Penguin

A concise, yet comprehensive, guidebook to understanding equity investments. This authoritative guide provides all the information that both the professional and individual investor will need to succeed in today’s equity market, including: • The role that equities play in a company's capital structure and in a portfolio • Determining and optimizing a company's weighted average cost of capital • The role of preferred stock within a company's capital structure • The various types of preferred stock • How new stocks are issued • The top ten equity strategies • Alternative ways to obtain equity exposures [box] The Investor’s Guidebook series presents investment vehicles and strategies from both the issuers’ and the investors’ perspectives. Starting with basic concepts and then building to state of the art pricing models, strategies, and tactics, these succinct handbooks will be useful for everyone from new hires through experienced professionals. Unlike most books, which are read once and sit on the shelf, professionals will refer to these books repeatedly throughout their careers. [end box] A concise, yet comprehensive, guidebook to understanding equity investments.

The Unofficial Guide to Real Estate Investing Penguin

The financial statements of banks differ very much from those of non-banks. The assets and liabilities are mostly financial based, and the equity ratio is far lower than the equity ratios of industrial companies. Banking supervision has a big influence on the financial statements too. Recent years have shown the risks which can evolve from banks, but normal instruments of financial statement analysis are not sufficient to analyse banks and locate these risks: different methods are needed. This book, by experienced bank analyst Thomas Padberg, provides analysts and investors with the tools to analyse bank financial statements, find problems in bank finances, and assess the risks of banks. Examples with real bank financial data are used to show readers the step-by-step methods to follow when looking at bank financial statements. The book covers: - The specific accounting rules that apply to banks - How to analyse bank segment reporting - The ratios to use when analysing bank financial statements - How to analyse bank profit and loss accounts - Equity analysis and stock analysis of banks This is an essential guide for all analysts and serious investors who need to analyse bank financial statements.

The Investor's Guidebook to Equities Freedom Mentor

The definitive guide to risk arbitrage, fully updated with new laws, cases, and techniques Risk Arbitrage is the definitive guide to the field and features a comprehensive overview of the theory, techniques, and tools that traders and risk managers need to be effective. This new edition is completely updated and fully revised to reflect the changes to laws and technology and includes new case studies and a detailed discussion of computer-based trading systems. Readers gain deep insight into the factors and policies that affect merger transactions, and the new developments that allow individuals to compete with professionals in managing risk arbitrage portfolios. The book provides techniques for computing spreads and determining risk, with practice exercises that allow readers to become confident with new methods before using them professionally. The current wave of corporate mergers, acquisitions, restructurings, and similar transactions has created unprecedented opportunities for those versed in contemporary risk arbitrage techniques. At the same time, the nature of the current merger wave has lent such transactions a much higher degree of predictability than ever before, making risk arbitrage more attractive to all types of investors. Risk Arbitrage provides the essential guidance needed to participate in the business. Get up to date on the most recent developments in risk arbitrage Examine new mergers and the legal changes that affect them Learn how computers and trading systems have affected competition Use the tools that enable risk determination and spread computation Both the growth in hedge funds and the changing nature of the merger and acquisition business have affected risk arbitrage processes and techniques. For the finance professional who needs expert guidance and the latest information, Risk Arbitrage is a comprehensive guide.

The REGTECH Book White Coat Investor LLC the

The Sterling Bonds and Fixed Income Handbook aims to fill the knowledge gap for sterling-base investors and their advisors. Whilst investors in the equity markets can rely on numerous resources to select stocks and build portfolios, there is little information available for those who wish to buy bonds. This book takes the reader through the key features of gilts and sterling corporate bonds and offers a practical guide to putting money to work in this important and profitable asset class.

How to be a Real Estate Investor Simon

and Schuster
A concise, yet comprehensive, guidebook that addresses the practical aspects of investing in fixed income investments. The Investor’s Guidebook series presents investment vehicles and strategies from both the issuers’ and the investors’ perspectives. Starting with basic concepts and then building to state-of-the-art pricing models, strategies, and tactics, these succinct handbooks will be useful for everyone from new hires through experienced professionals. Unlike most books, which are read once and sit on the shelf, professionals will refer to these books repeatedly throughout their careers.
PIPEs Simon and Schuster
Written by a practicing emergency physician, The White Coat Investor is a high-yield manual that specifically deals with the financial issues facing medical students, residents, physicians, dentists, and similar high-income professionals. Doctors are highly-educated and extensively trained at making difficult diagnoses and performing life saving procedures. However, they receive little to no training in business, personal finance, investing, insurance, taxes, estate planning, and asset protection. This book fills in the gaps and will teach you to use your high income to escape from your student loans, provide for your family, build wealth, and stop getting ripped off by unscrupulous financial professionals. Straight talk and clear explanations allow the book to be easily digested by a novice to the subject matter yet the book also contains advanced concepts specific to physicians you won't find in other financial books. This book will teach you how to: Graduate from medical school with as little debt as possible Escape from student loans within two to five years of residency graduation Purchase the right types and amounts of insurance Decide when to buy a house and how much to spend on it Learn to invest in a sensible, low-cost and effective manner with or without the assistance of an advisor Avoid investments which are designed to be sold, not bought Select advisors who give great service and advice at a fair price Become a millionaire within five to ten years of residency graduation Use a "Backdoor Roth IRA" and "Stealth IRA" to boost your retirement funds and decrease your taxes Protect your hard-won assets from professional and personal lawsuits Avoid estate taxes, avoid probate, and ensure your children and your money go where you want when you die Minimize your tax burden, keeping more of your hard-earned money Decide between an employee job and an independent contractor job Choose between sole proprietorship, Limited Liability Company, S Corporation, and C Corporation Take a look at the first pages of the book by clicking on the Look Inside feature Praise For The White Coat Investor "Much of my financial planning practice is helping doctors to correct mistakes that reading this book would have avoided in the first place." - Allan S. Roth, MBA, CPA, CFP(R), Author of How a Second Grader Beats Wall Street "Jim Dahle has done a lot of thinking about the peculiar financial problems facing physicians, and you, lucky reader, are about to reap the bounty of both his experience and his research." - William J. Bernstein, MD, Author of The Investor's Manifesto and seven other investing books "This book should be in every career counselor's office and delivered with every medical degree." - Rick Van Ness, Author of Common Sense Investing "The White Coat Investor provides an expert consult for your finances. I now feel confident I can be a millionaire at 40 without feeling like a jerk." - Joe Jones, DO "Jim Dahle has done for physician financial illiteracy what penicillin did for neurosyphilis." - Dennis Bethel, MD "An excellent practical personal finance guide for physicians in training and in practice from a non biased source we can actually trust." - Greg E Wilde, M.D Scroll up, click the buy button, and get started today!
The White Coat Investor McGraw-Hill Companies
The Essential Playbook to Earning a Lifetime of Income Through Self Storage Over the past decade in AJ Osborne's self storage investing career, he's built a portfolio of over $100 million in self storage investments with no outside capital or management. In this step-by-step playbook, you will discover how to identify investment opportunities, allocate capital, and leverage management expertise to turn a mom and pop real estate asset into a thriving income-producing business. Master the principles of self storage investing by learning from someone who's done it before. The business of self storage has evolved over the years. What started as a mom and pop business in the 70s and 80s has become a truly institutional asset class with value-add and management opportunities not found in any other real estate investments. By viewing self storage as not only a real estate asset but a consumer-oriented retail business, incredible opportunities are available to those who understand and implement the framework laid out within this book. "AJ's ability to dissect and break down complex business principles and overlay them into a remarkably powerful investing vehicle like self storage provides an entirely new perspective on an age-old industry, and lights the way for new investors interested in self storage."-Roc Pilon, Founder/CEO, Gymreapers "AJ Osborne is one of the most legit, successful real estate investors I've ever had the privilege of knowing. He's one of the people I trust more than anybody. AJ is the real deal."-Brandon Turner, host of the BiggerPockets podcast AJ Osborne is an entrepreneur and investor. He owns and manages a self storage portfolio of over $100M in assets. AJ is a national speaker on investing in, buying, and managing self storage facilities, wealth, financial freedom, and he actively manages his facilities. In addition to buying and turning around many existing facilities, he has developed self storage from the ground up, expanded existing facilities, and converted a failed Super Kmart into a storage facility. He has additional development projects ongoing across the United States. AJ specializes in buying and turning around underperforming facilities with a value-add strategy. He has created a management company to run his facilities and focuses on growing his portfolio. He is a leader in the industry with a focus on technology and self storage automation. He built one of his largest facilities with full automation technology. He is the owner and host of the self storage industry's largest self storage podcast, Self Storage Income.
The Winning Investor's Guide to Making Money in Any Market John Wiley & Sons
Offers advice on analyzing the profits of corporations in order to plan investment strategies and discusses how to interpret company financial reports.
The Investor's Guide to Economic Fundamentals St. Martin's Griffin
This comprehensive reference delivers a toolkit for harvesting market rewards from a wide range of investments. Written by a world-renowned industry expert, the reference discusses how to forecast returns under different parameters. Expected returns of major asset classes, investment strategies, and the effects of underlying risk factors such as growth, inflation, liquidity, and different risk perspectives, are also explained. Judging expected returns requires balancing historical returns with both theoretical considerations and current market conditions. Expected Returns provides extensive empirical evidence, surveys of risk-based and behavioral theories, and practical insights.
Handbook of Investors' Behavior during Financial Crises John Wiley & Sons

Hotels and Resorts: An investor's guide presents a comprehensive analysis of how hotels, golf courses, spas serviced apartments, gyms and health clubs and resorts are developed, operate and are valued. Drawing on over 18 years' experience in the leisure property industry, David Harper provides invaluable advice on how to buy, develop and sell such properties. Working through the required due diligence process for purchases, including how to identify a "good buy", through the "route map" for a successful development and ending with how to ensure you maximise your returns when selling the asset, this book covers the whole life-cycle of leisure property ownership. Examples of valuations, development issues and sales processes are taken from the USA, UK, France, Nigeria, Kenya, Australia, Hong Kong, Singapore and Brazil provide in depth analysis on the similarities and differences in approach to hotels and resorts in various parts of the world. This book provides invaluable guidance to international investors, developers, asset managers and students in related subject areas.
