The voters have spoken: these

presidential word-search puzzles win by a landslide!

From George Washington

and Abraham Lincoln to Bill Clinton and Barack Obama, these patriotic word searches introduce children to every president of the United States, plus their first ladies, and the White House. Each puzzle features words associated with that particular president, a biography, and facts about his birth place, education, family, occupation, political party, age at

inauguration, campaign slogan, and more. So while kids work their eagle eyes trying to solve the puzzles, they'll be learning about US history, too.

The book received the Emme Award for Astronautical Literature at the March 20

2000 luncheon of the Goddard Memorial Symposium, sponsored by the American Astronautical Society. Named in honor of the first NASA Historian, Eugene Emme, the Emme award was created in 1982 to annually recognize an outstanding book that increases public understanding of the past and potential impact of the field of astronautics.

Sterling Publishing Company, Inc. Thirty years after its publication, The Death and Life of Great American Cities was described by The New York Times as

"perhaps the most influential single work in the history of town planning....[It] can also be seen in a much larger context. It is first of all a work of literature; the descriptions of street life as a kind of ballet and the biting satiric account of traditional planning theory can still be read for pleasure even by those who long ago absorbed and appropriated the book's arguments." Jane Jacobs,

an editor and writer on architecture in New York City in the early sixties, argued that urban diversity and vitality were being destroyed by powerful architects and city planners. Rigorous, sane, and delightfully epigrammatic, Jacobs's small masterpiece is a blueprint for the humanistic management of cities. It is sensible, knowledgeable, readable, indispensable. The author has written a new foreword

for this Modern Library edition.
Book Review Index Vintage

Horace Models of Teaching by Bruce Joyce, Marsha Weil

and Emily Calhoun With the current emphasis on standards-based education, teachers everywhere are searching for programs and practices that have the strongest positive effect on student achievement. Since its initial publication in 1972, "Models of Teaching," now in its eighth edition, has been considered "the" classic text in the field. Rationale and research pair with real-world

examples and applications to provide a strong foundation for new educators. The thoroughly documented research on the various models of teaching (and their subsequent positive effects on student success) give teachers the tools they need to build strong classrooms that accelerate student learning. Encompassing all of the major

psychological and philosophical approaches to teaching and schooling, this new edition of a classic text is at the core of a successful K-12 teacher education program. Look inside this new edition: **NEW!** Evidence-based approaches to teaching receive a full explanation in entirely new chapters. New studies on models of teaching give readers the most current picture of education today. All

research is refreshed and updated, ensuring accuracy and currency. Provides an abundance of both classic and contemporary teaching models, classified into four families: Social, Information-Processing, Personal, and Behavioral Systems. Each model includes suggestions for putting the teaching strategies to use in the classroom with applications and through a

Summary Chart.

 Die Koberger-Bibel von 1483 ist nach der Mentelin-Bibel von 1466 die neunte gedruckte Bibel in deutscher Sprache. In Nürnberg war ihr bereits um 1476/78 die Sensenschmidt-Bibel als deutsche Bibelausgabe vorausgegangen. Von der um 1478/79 gedruckten Kölner Bibel aus der Offizin des Bartholomäus

von Unckel, an deren Herstellung er finanziell beteiligt gewesen war, übernahm Anton Koberger (um 1440-1513) die reiche Ausstattung mit Holzschnitten. Der erste, fast ganzseitige Holzschnitt, eröffnet das Buch Genesis und zeigt die Erschaffung Evas im Paradies. Anders als Günther Zainer, der schon um 1475/76 historisierte Holzschnitt-Initialen mitgedruckt

<p>hatte, verzichtete Koberger hierauf. Sie mussten deshalb von einem Rubrikator oder Buchmaler nachgetragen werden. Das gezeigte Exemplar aus dem Benediktinerkloster Tegernsee wurde - wie auch andere Exemplare - nicht nur mit Deckfarben koloriert und mit punzierten Goldgründen ausgestattet, sondern zusätzlich mit über siebenzig Initialen sowie stilisierten</p>	<p>Akanthusranken illuminiert. Besonders aufwändig sind der Beginn der Bücher Genesis (Folio 5 recto) und Sprüche (Folio 296 recto). Hier finden sich in die Ranken integrierte Prophetenbüsten sowie leere Wappenschilder haltende Engel und Tiere. Der ausführende Maler hat in der Augsburger Werkstatt des Johann Bämeler (ca. 1435-1503) gelernt. // Autor: Bayerische</p>	<p>Staatsbibliothek, Abteilung für Handschriften und Alte Drucke // Datum: 2019 <u>Le Relazioni universali di Giovanni Botero benese, divise in sette parti.
