Play a song for me... Musicians are being murdered in New Orleans. But Arnie Watson apparently died by his own hand. When Tyler Anderson plays the saxophone he inherited from Arnie, a soldier and musician who died soon after his return, he believes he sees visions of his friend's life—and death. He becomes convinced Arnie was murdered and that the instrument had something to do with whatever happened, and with whatever's happening all over the city... Tyler knows his theory sounds crazy to the police, so he approaches Danni Cafferty, hoping she and Michael Quinn will find out what the cops couldn't. Or wouldn't. After all, Cafferty and Quinn have become famous for solving unusual crimes. They're partners in their personal lives, too. Quinn's a private investigator and Danni works with him. When they look into the case, they discover a secret lover of Arnie's and a history of jealousies and old hatreds that leads them back to the band Arnie once played with—and Tyler plays with now. They discover that sometimes, for some people, the line between passion and obsession is hard to draw. Only in uncovering the truth can they hope to save others—and themselves—from the deadly hands of a killer.

THE BEETHOVEN DUETS By Joe Procopio The Beethoven Duets by Joe Procopio is a collection of duets that artist-composer Joe Procopio has adapted and arranged from the 9 Scherzi found in Ludwig van Beethoven's 9 Symphonies. These duets are the first of their kind in history making them noteworthy, unique and valuable. Each Scherzo is published not only for Saxophone but also for many other orchestral instruments. They are published individually for each instrument; in a Three Volume Collection with 3 Scherzi in each volume; and in a Complete Collection containing all three volumes. They are also available as a CD. Volume One has Scherzo No.1, Scherzo No. 2 and Scherzo No.3. Volume Two has Scherzo No.4, Scherzo No 5 and Scherzo No.6. Volume Three has Scherzo No.7, Scherzo No.8 and Scherzo No.9. The Complete Collection has all 3 Volumes for each instrument with all 9 Scherzi. What's more they will soon be published in the Procopio PlayAlong Music Program. This is an exclusive MP3 music audio program personally designed and developed in which Player 1 plays along with a music audio track for Player 2. "To be sure, The Beethoven Scherzi Duets for Saxophone are a marvel of Beethoven's skill with sections reaching the sublime. It is my deep felt personal belief that these Scherzi will bring you great pleasure and long lasting

satisfaction.” Joe Procopio AN INTRODUCTION TO THE BEETHOVEN DUETS By Joe Procopio Because of the complexities, range and sonorities inherent in all of the Beethoven Symphonies, it may seem impossible to transcribe any one movement as a duet that is true to the composer. Nevertheless, I believe these duets contain the heart, soul and essence of Beethoven’s melodies, rhythms and expressions; even though these works are tiny when they are compared to the Master’s great musical creations which have no equal. In fact, there is no comparison. However, my sincere hope is that since I have rendered some of Beethoven’s music as duets, his music is now more readily available to all permitting a greater number of musicians and all the people who hear their performances to come to know and love a bit of the world’s most valuable, breathtaking and beautiful music. In truth, Beethoven’s music has stood the test of time. He astonished people in his day whenever he performed his music or had his music played. He still does today. To be sure, his music has enhanced and enriched the lives of many of us for over 200 years. In performing and listening to these Scherzi you will find the whole of each work a marvel of Beethoven’s skill with sections reaching the sublime. Few composers have been able to write down on paper music of such incredible beauty that it reflects the awesome splendor of God’s creation. What comes to mind immediately is Beethoven’s “Pastoral” Symphony No. 6. It has been said, that much of his music mirrors not only the magnificence of God’s creation but also the radiance of God the Creator himself. In any event, this music is simply amazing and awe-inspiring. A joy to listen to and to play. I know and can safely say without any hesitation or reservations that this collection will bring you much enjoyment.

This collection of ten jazz etudes with accompanying audio provides intermediate to advanced tenor sax students with a fun and effective way to learn to play in the specific odd meters: 3/4, 5/4, 7/4, and 9/4. Each etude is based on the chord progression of a different jazz standard, and includes an

in-depth analysis of the melodic, harmonic, and rhythmic devices used. The addition of the odd-time ingredient, along with completely original melodies and improv lines, converts what would be mere academic etudes to a delightful jazz listening and playing experience. If you want to improve your fluency in reading, performing, and improvising in odd time signatures, this is the book for you! A generous number of preparatory exercises gradually introduce the student to not only reading music, but also “hearing how phrases land within a measure” of odd time. Play-along audio tracks featuring a professional rhythm section (piano, bass, and drums) minus the sax track allow you to play as the soloist. Includes access to online audio.
