“This impassioned book invites readers to the deep end of life where authentic soul work and human transformation become pressing concerns.” —Publishers Weekly 2019 Independent Publisher Book Awards Gold Medalist in the Aging/Death & Dying Category From bestselling author Parker J. Palmer comes a brave and beautiful book for all who want to age reflectively, seeking new insights and life-giving ways to engage in the world. “Age itself,” he says, “is no excuse to wade in the shallows. It’s a reason to dive deep and take creative risks.” Looking back on eight decades of life—and on his work as a writer, teacher, and activist—Palmer explores what he’s learning about self and world, inviting readers to explore their own experience. In prose and poetry—and three downloadable songs written for the book by the gifted Carrie Newcomer—he meditates on the meanings of life, past, present, and future. With compassion and chutzpah, gravitas and levity, Palmer writes about cultivating a vital inner and outer life, finding meaning in suffering and joy, and forming friendships across the generations that bring new life to young and old alike. “This book is a companion for not merely surviving a fractured world, but embodying—like Parker—the fiercely honest and gracious wholeness that is ours to claim at every stage of life.” —Krista Tippett, New York Times bestselling author of *Becoming Wise* “A wondrously rich mix of reality and possibility, comfort and story, helpful counsel and poetry, in the voice of a friend . . . This is a book of immense gratitude, consolation, and praise.” —Naomi Shihab Nye, National Book Award finalist

Lincoln's Melancholy; how Depression Challenged a President and Fueling His Greatness SIU Press
Most Americans have considered, and still consider, Abraham Lincoln to be a heroic figure. From his humble beginnings to his leadership of a divided nation during the Civil War to his early efforts in abolishing slavery, Lincoln’s legacy is one of deep personal and political courage. In this unique and concise retelling of many of the key moments and achievements of Lincoln’s life and work, Frank J. Williams explores in detail what it means to be a hero and how Lincoln embodied the qualities Americans look for in their heroes. *Lincoln as Hero* shows how—whether it was as president, lawyer, or schoolboy—Lincoln extolled the foundational virtues of American society. Williams describes the character and leadership traits that define American heroism, including ideas and beliefs, willpower, pertinacity, the ability to communicate, and magnanimity. Using both celebrated episodes and lesser-known anecdotes from Lincoln’s life and achievements, Williams presents a wide-ranging analysis of these traits as they were demonstrated in Lincoln’s rise, starting with his self-education as a young man and moving on to his training and experience as a lawyer, his entry onto the political stage, and his burgeoning grasp of military tactics and leadership. Williams also examines in detail how Lincoln embodied heroism in standing against secession and fighting to preserve America’s great democratic experiment. With a focused sense of justice and a great respect for the mandates of both the Declaration of Independence and the Constitution, Lincoln came to embrace

freedom for the enslaved, and his Emancipation Proclamation led the way for the Thirteenth Amendment, which abolished slavery. Lincoln’s legacy as a hero and secular saint was secured when his life ended by assassination as the Civil War was drawing to a close. Touching on Lincoln’s humor and his quest for independence, justice, and equality, Williams outlines the path Lincoln took to becoming a great leader and an American hero, showing readers why his heroism is still relevant. True heroes, Williams argues, are successful not just by the standards of their own time but also through achievements that transcend their own eras and resonate throughout history—with their words and actions living on in our minds, if we are imaginative, and in our actions, if we are wise. United States Senator Gordon H. Smith tells the heartbreaking but inspiring story of his son’s embattled life, his death by suicide at age twenty-two, and how the Smiths finally carried on — fighting the growing problem of youth suicide with the Garrett Lee Smith Memorial Act.

Summary of Joshua Wolf Shenk's Lincoln's Melancholy Times Books

The New York Times bestseller “A glistening psychological history, faceted largely by the biographies of eight famous leaders . . .” —The Boston Globe “A provocative thesis . . . Ghaemi’s book deserves high marks for original thinking.” —The Washington Post “Provocative, fascinating.” —Salon.com
Historians have long puzzled over the apparent mental instability of great and terrible leaders alike: Napoleon, Lincoln, Churchill, Hitler, and others. In *A First-Rate Madness*, Nassir Ghaemi, director of the Mood Disorders Program at Tufts Medical Center, offers a myth-shattering exploration of the powerful connections between mental illness and leadership and sets forth a controversial, compelling thesis: The very qualities that mark those with mood disorders also make for the best leaders in times of crisis. From the importance of Lincoln’s “depressive realism” to the lackluster leadership of exceedingly sane men as Neville Chamberlain, *A First-Rate Madness* overturns many of our most cherished perceptions about greatness and the mind.

Now an Apple TV+ documentary, *Lincoln's Dilemma*. One of the Wall Street Journal’s Ten Best Books of the Year | A Washington Post Notable Book | A Christian Science Monitor and Kirkus Reviews Best Book of 2020 Winner of the Gilder Lehrman Abraham Lincoln Prize and the Abraham Lincoln Institute Book Award “A marvelous cultural biography that captures Lincoln in all his historical fullness. . . . using popular culture in this way, to fill out the context surrounding Lincoln, is what makes Mr. Reynolds’s biography so different and so compelling . . . Where did the sympathy and compassion expressed in [Lincoln’s] Second Inaugural—‘With malice toward none; with charity for all’—come from? This big, wonderful book provides the richest cultural context to explain that, and everything

else, about Lincoln." —Gordon Wood, Wall Street Journal From one of the great historians of nineteenth-century America, a revelatory and enthralling new biography of Lincoln, many years in the making, that brings him to life within his turbulent age David S. Reynolds, author of the Bancroft Prize-winning cultural biography of Walt Whitman and many other iconic works of nineteenth century American history, understands the currents in which Abraham Lincoln swam as well as anyone alive. His magisterial biography *Abe* is the product of full-body immersion into the riotous tumult of American life in the decades before the Civil War. It was a country growing up and being pulled apart at the same time, with a democratic popular culture that reflected the country's contradictions. Lincoln's lineage was considered auspicious by Emerson, Whitman, and others who prophesied that a new man from the West would emerge to balance North and South. From New England Puritan stock on his father's side and Virginia Cavalier gentry on his mother's, Lincoln was linked by blood to the central conflict of the age. And an enduring theme of his life, Reynolds shows, was his genius for striking a balance between opposing forces. Lacking formal schooling but with an unquenchable thirst for self-improvement, Lincoln had a talent for wrestling and bawdy jokes that made him popular with his peers, even as his appetite for poetry and prodigious gifts for memorization set him apart from them through his childhood, his years as a lawyer, and his entrance into politics. No one can transcend the limitations of their time, and Lincoln was no exception. But what emerges from Reynolds's masterful reckoning is a man who at each stage in his life managed to arrive at a broader view of things than all but his most enlightened peers. As a politician, he moved too slowly for some and too swiftly for many, but he always pushed toward justice while keeping the whole nation in mind. *Abe* culminates, of course, in the Civil War, the defining test of Lincoln and his beloved country. Reynolds shows us the extraordinary range of cultural knowledge Lincoln drew from as he shaped a vision of true union, transforming, in Martin Luther King Jr.'s words, "the jangling discords of our nation into a beautiful symphony of brotherhood." Abraham Lincoln did not come out of nowhere. But if he was shaped by his times, he also managed at his life's fateful hour to shape them to an extent few could have foreseen. Ultimately, this is the great drama that astonishes us still, and that *Abe* brings to fresh and vivid life. The measure of that life will always be part of our American education.

LINCOLN - THE UNKNOWN SIU Press

"The standard one-volume biography of Lincoln." —Washington Post "Certainly the most objective biography of Lincoln ever written." —David Herbert Donald, New York Times Book Review The definitive life of Abraham Lincoln, *With Malice Toward None* is historian Stephen B. Oates's acclaimed and enthralling portrait of America's greatest leader. In this award-winning biography, Lincoln steps forward out of the shadow of myth as a recognizable, fully drawn American whose remarkable life continues to inspire and inform us today. Oates masterfully charts, with the pacing of

a novel, Lincoln's rise from bitter poverty in America's midwestern frontier to become a self-made success in business, law, and regional politics. The second half of this riveting work examines his legendary leadership on the national stage as president during one of the country's most tumultuous and bloody periods, the Civil War years, which concluded tragically with Lincoln's assassination.

The Madness of Mary Lincoln Houghton Mifflin Harcourt

Lincoln The Unknown - A vivid biographical account of Abraham Lincoln's life and the lesser known facts of American history that will make you admire him more and motivate you to overcome great challenges in your own life. Excerpt: "When Lincoln was fifteen he knew his alphabet and could read a little but with difficulty. He could not write at all. That autumn—1824—a wandering backwoods pedagogue drifted into the settlement along Pigeon Creek and started a school. Lincoln and his sister walked four miles through the forests, night and morning, to study under the new teacher, Azel Dorsey." Dale Carnegie (1888-1955) was an American writer and lecturer and the developer of famous courses in self-improvement, salesmanship, corporate training, public speaking, and interpersonal skills. Born into poverty on a farm in Missouri, he was the author of *How to Win Friends and Influence People* (1936), a massive bestseller that remains popular today. He also wrote *How to Stop Worrying and Start Living* (1948), *Lincoln the Unknown* (1932), and several other books.

When Life Strikes the President Fantagraphics Books

This definitive analysis of the Lincoln-Douglas debates is "one of the most influential works of American history and political philosophy ever published (National Review). In *Crisis of the House Divided*, noted conservative scholar and historian Harry V. Jaffa illuminates the political principles that guided Abraham Lincoln from his reentry into politics in 1854 through his Senate campaign against Stephen Douglas in 1858. Through critical analysis of the Lincoln-Douglas debates, Jaffa demonstrates that Lincoln's political career was grounded in his commitment to constitutionalism, the rule of law, and abolition. A landmark work of American history, it "has shaped the thought of a generation of Abraham Lincoln and Civil War scholars." To mark the fiftieth anniversary of the original publication, Jaffa has provided a new introduction (*Civil War History*). "A searching and provocative analysis of the issues confronted and the ideas expounded in the great debates...A book which displays such learning and insight that it cannot fail to excite the admiration even of scholars who disagree with its major arguments and conclusions."—D. E. Fehrenbacher, *American Historical Review*

The Pursuit of Happiness in Times of War Simon and Schuster

The debut graphic novel from Noah Van Sciver follows the twentysomething Abraham Lincoln as he loses everything, long before becoming our most beloved president. Lincoln is a rising Whig in the state's legislature as he arrives in Springfield, IL to practice law. With all of his possessions under his arms in two saddlebags, he is quickly given a place to stay by a womanizing young bachelor who becomes his friend and close confidant. Lincoln builds a life and begins friendships with the town's top lawyers and politicians. He attends elegant dances and meets an independent-minded young woman from a high-society Kentucky family, and after a brisk courtship, becomes engaged. But, as time passes and uncertainty creeps in, young Lincoln is forced to battle a dark cloud of depression brought on by a chain of defeats and failures culminating into a nervous breakdown that threatens his life and sanity.

In *Within Our Reach*, Rosalynn Carter and coauthors Susan K. Golant and Kathryn E. Cade render an insightful, unsparing assessment of the state of mental health. Mrs. Carter has been deeply invested in this issue since her husband, former President Jimmy Carter, campaigned for governor of Georgia, when she saw firsthand the horrific, dehumanizing treatment of people with mental illnesses. Using stories from her 35 years of advocacy to springboard into a discussion of the larger issues at hand,

Carter crafts an intimate and powerful account of a subject previously shrouded in stigma and shadow, surveying the dimensions of an issue that has affected us all. She describes a system that continues to fail those in need, even though recent scientific breakthroughs with mental illness have potential to help most people lead more normal lives. *Within Our Reach* is a seminal, searing, and ultimately optimistic look at how far we've come since Jimmy Carter's days on the campaign trail and how far we have yet to go.

A First-Rate Madness Houghton Mifflin Harcourt

A narrative portrait of Abraham Lincoln in his own voice reflects on his major life events, from his picaresque youth in Illinois and improbable marriage to Kentucky belle Mary Todd through his visit to war-shattered Richmond days before his assassination.

Abraham Lincoln Penguin

Poor Abraham Lincoln! His life was hardly fun at all. A country torn in two by war, citizens who didn't like him as president, a homely appearance—what could there possibly be to laugh about? And yet he did laugh. Lincoln wasn't just one of our greatest presidents. He was a comic storyteller and a person who could lighten a grim situation with a clever quip. This unusual biography of Lincoln highlights his life and presidency, focusing on what made his sense of humor so distinctive—and so necessary to surviving his tough life and times.

Within Our Reach W. W. Norton & Company

It is Illinois in the 1830s, and Abraham Lincoln is an ambitious—if charmingly awkward—young circuit lawyer and state legislator. Among his friends and political colleagues are Joshua Speed, William Herndon, Stephen Douglas, and many others who have come to the exploding frontier town of Springfield to find their futures. One of these men is poet Cage Weatherby. Cage both admires and clashes with Lincoln, questioning his cautious stance on slavery. But he stays by Lincoln's side, even as Lincoln slips back and forth between high spirits and soul-hollowing sadness and depression, and even as he recovers from a disastrous courtship to marry the beautiful, capricious, politically savvy Mary Todd. Mary will bring stability to Lincoln's life, but she will also trigger a conflict that sends the two men on very different paths into the future.
